

# Vote for your favourite engineering project

## JOHN POWER

After the success of the inaugural **Engineers Ireland** Excellence Awards last year, we are delighted to once again showcase Irish engineering at its best.

With the support of our partner, ESB, we are pleased to announce the shortlist for the Engineering Project of the Year 2011.

Over the next four weeks, two of the eight entries in the Engineering Project of the Year shortlist will feature each week in *The Sunday Business Post*. The shortlisted projects are:

### September 11

- New Engineering Building – NUI Galway
- Trinity College Biomedical Sciences Institute – ARUP/Walls Construction

### September 18

- The Peace Bridge, Derry – Graham Construction
- The Mizen Head Footbridge – RPS/Carillion Irishenco

### September 25

- Aeroneb™ Solo II Project – Aerogen
- Great Northern Haven – Dundalk Town Council/MCO Projects/Netwell/CASALA Centre DkIT

### October 2

- M50 PPP Scheme – Atkins
- Roads Service DBFO – Lagan Construction

The winning project will be judged on the largest number of online votes received by midnight on Thursday, November 3, and the winner will be announced at a special awards ceremony in the Four Seasons Hotel, Dublin on Friday, November 4.

Log onto [www.engineersireland.ie/excellenceawards](http://www.engineersireland.ie/excellenceawards) to read more about all the projects and register your vote.

*John Power is a Chartered Engineer and Director General of **Engineers Ireland***
